ABOUT

Full Stack web developer with a background in healthcare applications. Healthcare, like technology is constantly evolving which has allowed me to adapt to new changes and learn new material quickly. Looking for a front-end position, in a team setting within a progressive and innovative company.

EDUCATION

FULL STACK WEB DEVELOPMENT

University of Denver | Denver | 2018 - 2019

BACHELOR OF ARTS

University of Colorado | Boulder | 2012 - 2016

EXPERIENCE

LABORATORY TECHNICIAN

Boulder Community Hospital | Boulder | 2016-2018

Run and report test results on multiple electronic medical record software. Assist in server update downtime procedures, ensuring applications are properly crossing over.

MEDICAL SCRIBE

Cornerstone Orthopedics | Louisville | 2016

Complete patient charting for physicians during procedures and in clinic. Upload and troubleshoot MRI applications.

APPLICATIONS

TakeaHike | <https://luka2457.github.io/TakeaHike>

This application utilizes two API's and Firebase to report local hiking trails and real time weather.

Gif Generator | <https://luka2457.github.io/giftastic>

Javascript and jQuery application with AJAX call to giphy API to populate and save any possible gif search.

PlatePlanner | <https://hidden-ocean-42752.herokuapp.com>

A full stack application build on node that allows users to search and save recipes as well as ingredients to their profile.
